

AUTOMATIC CAPSULE LOADERS :**MODEL V-28 (VERTICAL)****Description :**

This equipment has been rated as ideal for small / medium scale Pharmaceuticals Units. The design is unique and extremely functional. The equipment is Simple to Operate, is time and labour-saving.

The Automatic Capsule Loader is compact, occupies minimal space, is easily movable and is simple to operate. It gives higher production at a lower cost and with much better standards of accuracy than the earlier semi-automatic machines, which are being phased out gradually in most units.

AUTOMATIC CAPSULE LOADER can make a significant difference in your Production Department.

Output :

Fills 300-hole plate in 28 seconds. The vertical loader can fill 2 or 3 manual capsule filling machine tray depending on the quality of the capsule and the skill of the operator.

Drive : 0.25 HP 3-Phase 50 Cycles

Dimension : L 630 mm x W 490 mm x H 985 mm

Weight : 100 Kg.

The base and the Covering of the machine is fabricated from stainless steel 304 quality duly polished. GMP Model.

MODEL H-14 (HORIZONTAL)**Output :**

Fills 300-hole plate in 14 seconds. The Horizontal loader can fill 4 to 5 manual capsule filling machine trays depending on the quality of the capsule and the skill of the operator.

Drive : 0.25 HP 3-Phase 50 Cycles

Dimension : L 685 mm x W 600 mm x H 1015 mm

Weight : 120 Kg.

The base and the Covering of the machine is fabricated from stainless steel 304 quality duly polished. GMP Model.

Operation

- 1) Fill hopper with empty capsules.
- 2) Place hand-filler loading tray with guide on the sliding base plate.
- 3) Switch on. The capsules automatically get nested in the tray, cap up and body down. Time taken for loading 300 capsules in 300-hole tray is 28 seconds in vertical loader (Model PCL V- 28) and 14 seconds in horizontal loader (Model PCL H -14).

Interchangeability :

Interchangeable parts can be supplied for all sizes : 00, 0, 1,2,3,4 &5 capsules.

Unique features

- 1) Low investment, High output
- 2) Sturdy Fabrication assured durability and long service.
- 3) Designed to fill all standard size capsules
- 4) Simple to operate. Can be handled by semi – dilled personnel.
- 5) Excellent cost benefit ration.
- 6) Easily removable parts. Spares readily available.
